Characters

The richest investors in the United States have banded together to form the Life Foundation, an organization designed to protect their spoils from post-nuclear war scavengers in the event of such a catastrophe. Now, the sinister scions of the mysterious Foundation have loosed a terrifying plan that threatens the very survival of mankind! Once again, Venom and Spider-Man find themselves unlikely allies, overcoming their mutual hatred in order to prevent five new aliens symbiotes from bonding with their host bodies and spreading terror throughout the world!

As our arachnid arch-rivals swing into the scene, the action moves deep underground, where darkness and shadow cannot conceal the evil that is growing. Create the next exciting episode as either Venom or Spider-Man — or both!

LEVELS

Venom barely escapes from the Life Foundation with his life -- yet he knows he must return. The five symbiote seeds taken from his "other" must be prevented from bonding with the savage soldier hosts the Life Foundation hopes to use against humanity! While Venom suffers from separation anxiety over losing his new "children," he knows he must destroy them before another

Carnage is created!

Join Venom and Spider-Man in the battle to save all of humanity! The action ranges from a

modern metropolis to the Life Foundation's high security doomsday bunker far below the earth! Spider-Man and Venom face deadly symbiotes, troops of private soldiers, the fearsome five-man para-military group known as the Jury, and a host of high-tech robots! You'll need all your webbed wits to confound and beat these vicious enemies! At some levels, you may be abducted into the Trap Room by Jury members.

Note: Area descriptions assume a two player game. If you are playing a one player game as Spidey or Venom, you'll be facing these foes on your own!

NEW YORK CITY

The city is alive and teeming with lurking criminals looking to teach some lethal lessons to Venom and Spider-Man. You'll need to defeat the many thugs and villains who are on punishment patrol throughout the city.

And agents of the Life Foundation also threaten to end your web-slinging careers! And if you can web your way through Manhattan in one piece, you'll confront a whole new challenge: Diggers who are breaking ground to build Venom and Spider-Man's permanent resting place!

A BRIDGE TO SEDLAM

With the taste of the Digger's dirt still fresh, Venom and Spider-Man head upstate to find the Life

Foundation, in a desperate race against time to stop the paranoid patricians who would rule Armageddon. As the perilous journey begins, Venom and Spider-Man encounter a vast bridge under construction and a welcoming committee of Life Foundation soldiers! Your spider-powers will be tested to the limit as you swing across gaps in the unfinished span and battle hand-to-hand with a Foundation Jury member.

Try to find the weakest spot in the heavily-armed division of armored soldiers that tops off this swingfest!

INTO THE WOODS

The bridge behind them, our unlikely allies continue on towards the Life Foundation. Night closes in as they reach a wooded area, a forest full of determined soldiers and hidden pathways. Disliking the approach of any strangers, to say the least, the Life Foundation has sent numerous

patrols out to "discourage" Venom and Spider-Man from pursuing their quest. You must defeat all the enemies who cross your path if you hope to leave the woods alive!

THE LIFE FOUNDATION

At last, Venom and Spider-Man breach the entrance to the Life Foundation -- this is no social call, our heroes mean business!

A less-than-warm welcome awaits them: Spider-Man and Venom must run a gauntlet as they try to take the elevator all the way to the bottom. Once they manage this feat, there's a new surprise in store! All the web-swinging in the world can't protect our heroes from heavily-armed members of the Jury! You'll have to find a different approach if you hope to continue!

CITY BENEATH THE SOIL

Far below the surface, the persevering pair stumble onto a surreal scene: a vast underground city that defies belief! This spectacular setting holds many dangers for Spider-Man and Venom --

including laser-armed Life Foundation troops with a serious score to settle! Not to mention one of the five deadly symbiotes hatched to protect the Foundation -- at the expense of everyone else!

PLAZA OF DOOM THE PERILOUS PLAZA

Realizing that the streets are too dangerous, Spider-Man and Venom search for another way to enter the center of the Life Foundation. This search leads

them through all the levels of a nearby... shopping mall? This punishing plaza is patrolled by Foundation soldiers, creating a sticky situation for our heroes! As if this weren't enough, two members of the Jury show up to make life even

more difficult! You'll need all your climbing and web-swinging skills to escape with your lives.

VENTILATOR BLUES

Tight spaces make for furious fighting as Spider-Man and Venom try to make their way to the center of the Life Foundation through the air vents.

It's a duke out
via ducts! Our
heroes encounter a
new menace in
the maze of filters
and razor walls --

ChunDroids! Once you fight your way past this robotic terror, you'll face an even tougher foe, as Spider and Venom knock heads with the second of the Life Foundation Symbiotes!

FOUNDATION SANCTUM

The vents lead to the inner world of the Life Foundation, and now Spider-Man and Venom are hip-deep in the paranoid bunker mentality behind this survivalist nightmare. The hallways are full of red flashing lights, but watch your webs while slinging, because these hallways are none too friendly! Grenades fly as soldiers fight to eliminate the intruders. You must also contend with a trio of Jury members, so be on the lookout!

INTERNAL SECURITY ZONE I

Venom and Spider-Man arrive at the first security check point, a high-tech area protected by tough soldiers armed with lethal weapons. Special guardian robots are patrolling as well. Everywhere you turn seems to hold danger! This check point is a real test of your abilities and your will to survive! Look out for the third symbiote!

GREEN HOUSE

This futuristic greenhouse is the central air supply for the underground city. On a catwalk in this vast area, Spider-Man and Venom fight soldiers and other assailants. Further on, the dreaded ChunDroids make another appearance. Defeat these rampaging robots and you'll find yet another menace: the fourth symbiote, eager for battle!

WAREHOUSE

The Life Foundation's two-story supply warehouse is full of surprises.

Soldiers with flame throwers are a particular nuisance as you make your way through the warehouse. More troublesome is the sudden appearance of all five Jury members -- at once!

INTERNAL SECURITY ZONE II

The welcome mat has been yanked out from under as Spider-Man and Venom arrive at the second security checkpoint. Our heroes must dodge an ever-increasing barrage of laser bursts and other security devices! Even if you survive, remember that Spider-Man and Venom have only faced four of the alien symbiotes -- leaving one terrible creature thirsting for the duo's demise! It's time to shut down this place once and for all!

CARNAGE UNCAGED

Carnage?!? But he was defeated long ago! Now Spider-Man and Venom come upon a huge room where the dreaded Cletus Kasady and his symbiotic "other" await in a plexi-glass canister. Is he harmless inside his cage? You'll be too busy fighting a lifetime's worth of bad guys to ponder the point!

CHARACTERS

SPIDER-MAN

Peter Parker was bitten by a radioactive spider, and so acquired the proportionate speed, strength and agility of the arachnid -- he found he could even cling to walls! Creating a pair of wrist-mounted web-shooters, Peter made a colorful costume for himself, and took the name Spider-Man -- dedicating himself to the principal that with great power, there also comes great responsibility.

VENOM

Sworn to defeat the amazing wall-crawler, Venom maintains a shaky alliance with Spider-Man. A former reporter for the Daily Globe, Eddie Brock left the newspaper in disgrace -- blaming Spider-Man for his downfall. When Peter Parker rejected the alien symbiote that he believed was merely a costume, the creature joined with Brock. Their mutual hatred of Spider-Man fueled a vicious entity which has come to be known as Venom!

CARNAGE

The ultimate marriage of madness and alien matter, Carnage has been a threat to mankind ever since one of Venom's symbiotic spawn bonded with the insane criminal, Cletus Kasady! A lethal opponent with all of Venom's powers (and none of his scruples), Carnage exists for the sole purpose of wreaking havoc and causing mass chaos.

THE JURY

In their special power suits, the five members of the Jury are dedicated to whomever will pay their high price -- in this case, the dreaded Life Foundation! These brutish soldiers follow their own moral code, passing only judgment: Guilty! The sentence? Extermination -- for Spider-Man and Venom!

SYMBIOTES

Imagine that there was more than one Venom. Imagine that this creature was called Carnage. Now imagine five more symbiotes just like him, all dedicated to the same philosophy of evil and chaos. Stop imagining! Thanks to the interfering Life Foundation, five of Venom's symbiote spawn have joined with five of the Foundation's most vicious, morally-bankrupt soldiers! They are perhaps the most dangerous threat ever posed to mankind!

LIFE FOUNDATION SOLDIERS

They are the dregs of society -- immoral, idiotic muscle-heads who follow any order, no matter how vile or foolish. When you tell them to jump, they ask how to! These moronic mercenaries are unthinking men of action who have been programmed for one thing: destroying Spider-Man and Venom!

CAPTAIN AMERICA

1941... the world at war! Frail Army-reject Steve Rogers was offered the opportunity to serve his country by participating in Operation: Rebirth, becoming the sole recipient of the Super-Soldier formula. In the blink of an eye, Rogers was transformed into the super-heroic Captain America! His World War II heroics became the stuff of legend, before he was thrown into a state of suspended animation. Revived years later by the Avengers, Captain America now uses his trademark indestructible shield to fight evil in this day and age!

GHOST RIDER

The mysterious avenger known as the Ghost Rider is really Dan Kotch, a man transformed by the burning spirits of vengeance. Armed with a mystical chain, riding a motorcycle composed of otherworldly fire, Ghost Rider has tangled with such villains as Deathwatch and Scarecrow. Perhaps his most terrifying power is his "penance stare," the ability to inflict intense emotional pain on all evil-doers.

HAWKEYE

Ex-carnival performer Clint Barton was trained in martial arts and hand to hand combat by none other than Captain America himself! An ally and friend of Spider-Man, Hawkeye is an expert archer. He uses special arrows equipped with items like bolas, acid, and high explosives to thwart his opponents. A member of the Avengers, the stalwart Hawkeye is always ready to aid Spider-Man!

DAREDEVIL

Blinded by a strange radioactive isotope, Matthew Murdock soon found that his remaining senses had been heightened -- and that he had developed a special "radar sense" that was, in many ways, better than sight! An uncanny athlete as well as a highly-skilled martial artist, Murdock became the Daredevil to avenge his father's murder. With his heightened senses, he can read by feeling the ink on a printed page, and tell if a person is lying by listening to their heartbeat!
